Braille EDGE 40

More than a Braille display!

The most Powerful and Versatile Braille display with the features of a Basic notetaker!

Braille EDGE 40

Braille EDGE 40 is the most reliable and smartest Braille display ever.

Braille EDGE 40 offers Braille access to your computer, phone or tablet, as well as basic notateker fuctions.

Read and Save documents

Read Braille, text and Word files and create and save notes and documents to the SD card.

Stand-alone Applications

Take advantage of the built-in Calculator, Stop watch and Countdown timer, and use the Scheduler to remind you of important dates and events.

Compatible with major screen readers

The Braille EDGE 40 serves as a USB or Bluetooth Braille display for a variety of screen readers including, JAWS, Window-Eyes, SuperNova, System Access and NVDA for Windows, VoiceOver, for Mac and IOS, BrailleBack, and Mobile Accessibility for Android and Mobile Speak and Talks for Symbian.

User-Friendly function Keys

The 9-key Perkins keyboard along with two 4-way navigation keys and 8 function keys combine the convenience of entering text in Braille with the intuitive functionality of a computer keyboard.

Long battery Life

Stay connected to your smartphone, PC or tablet via Bluetooth for up to 20 hours without the need for charging.
